

SOUTH CAROLINA DEPARTMENT OF COMMERCE

STATE LABOR MARKET INFORMATION IMPROVEMENT GRANT (SGA/DFA PY 08-17)

ABSTRACT

This project will provide information on the green economy for workforce and economic development in the state of South Carolina and its sub-state areas. Total funding requested for all grant activities is \$763,175.

South Carolina's plan for this grant consists of the following activities.

1. Assess South Carolina's green economy (review existing green economy information, determine green industries for South Carolina, survey the state's green industries, conduct an economic impact analysis of the state's green economy)
2. Inventory secondary and postsecondary educational resources related to green jobs.
3. Develop competency models for key green industries and career pathways for key green occupations.
4. Disseminate the results from the above activities to workforce development, economic development, education and others in appropriate formats and venues.
5. Post green job openings in the state's JobLink online job bank, and other online job banks as appropriate.
6. Establish a web presence for information on the state's green economy.
