We Created Six Paths – Track All Students

The Approach:

California Base-Wage File

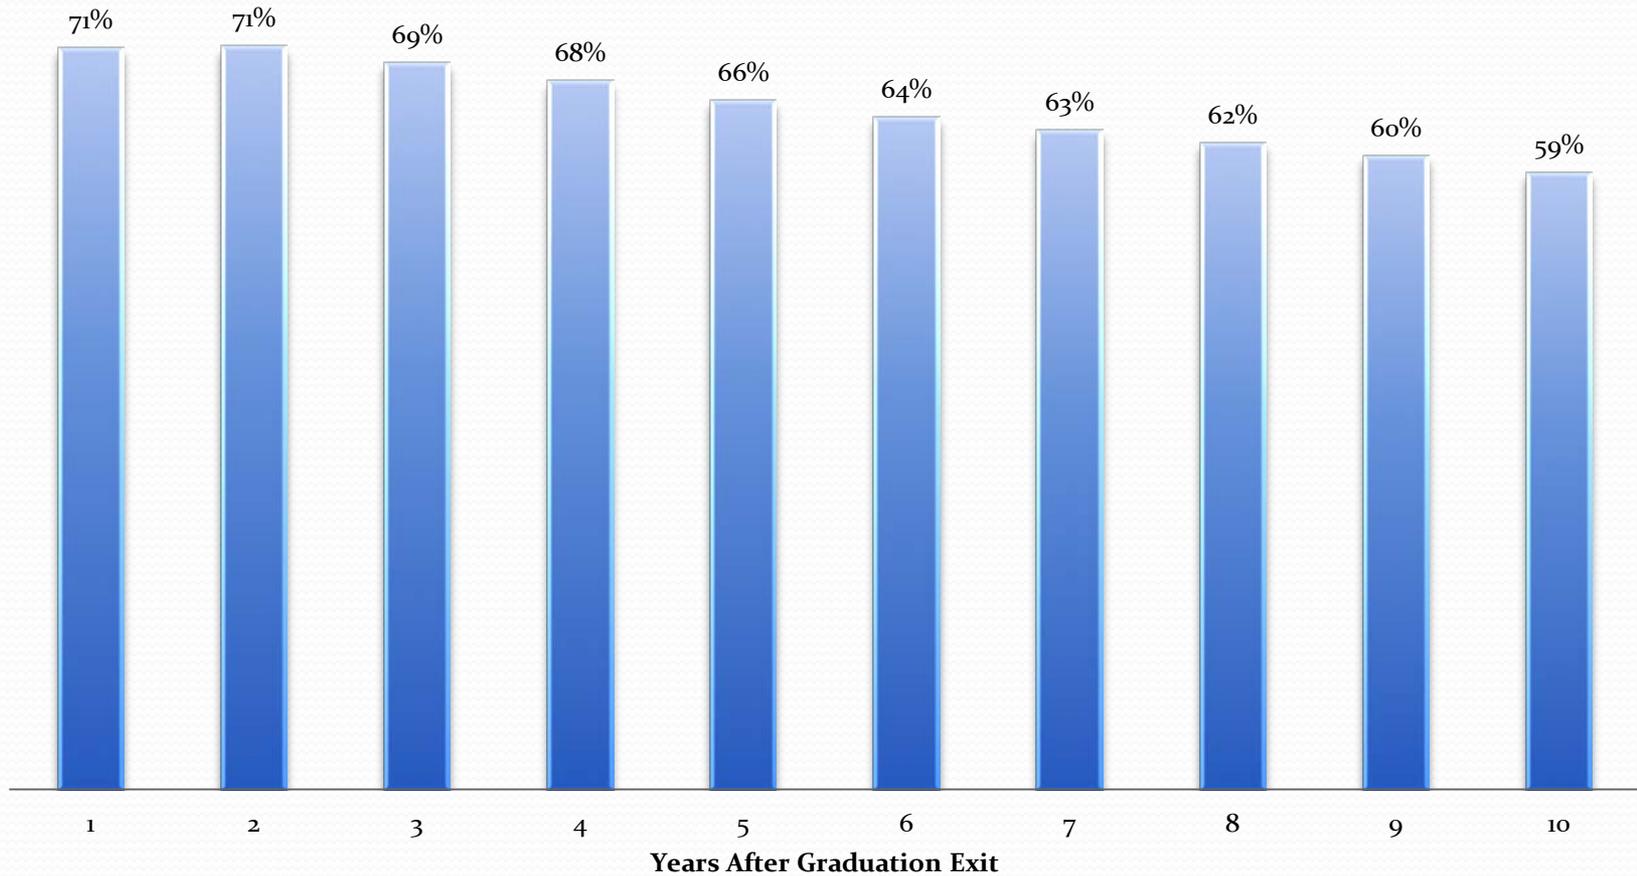

- All California Workers with earnings covered by Unemployment Insurance (ES 202 File): 90% of all workers.
- Quarterly earnings as reported by employers, not self-reported.
- Industry, but not occupation, is included.
- Individuals may have multiple employers in a quarter.

Earnings Matching: Key Assumptions

- Records without earnings **three or more** consecutive quarters are **not found**.
- You may:
 - Move out of state
 - Out of labor market (raising children, deceased)
 - Other possible explanations: in military, federal employee, self employed
- Earnings adjusted for inflation to 2016 \$\$\$.

The screenshot shows the homepage of CalStatePays.org. At the top, there is a navigation bar with the CalStatePays logo on the left, a search bar in the center, and the Strada Education Network logo on the right. The main header includes links for Home, Data, and FAQ. The central banner features a sunset background with silhouettes of people and a graduation cap icon, with the text "VISIONS VERIFIED" in large white letters. Below the banner are three main content cards:

- Verify Majors Pay:** Represented by a graduation cap icon. Description: "Find out earnings for different majors after CSU graduation."
- Verify Industries Pay:** Represented by a building icon. Description: "Explore where CSU graduates work and what they earn."
- Verify CSU Degrees Pay:** Represented by a graduation cap with dollar signs icon. Description: "What's the return on a CSU education. Find out the costs and benefits."
