Internships:

You can search for internships online through job listing search engines; schools, non profit, and community organizations' web sites; and federal, State, and local agencies. To start your search use key words like "internship", the city or state your desire, and to narrow the opportunity to green related occupations use the word "green".

Volunteering:

You can search for volunteer opportunities online using key words like "volunteer", the city or state your desire, and to narrow the service to green related opportunity try using words like "green", "environmental", or "sustainable".
